KG Technologies REACH Statement

Under the definition article 33 of the REACH regulations EC1907/2008, KG Technologies is a producer of “articles”. REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) more than 0.1% by weight. The EU announced on January 16th, 2020 an updated list of the candidate 197 SVHC chemicals. The list can be found at:

<https://echa.europa.eu/candidate-list-table>

Based on the material content certifications provided by KG Technologies’ suppliers, none of these substances are present in the materials we use in our products, including packing and shipping materials. Therefore, KG Technologies’ products do not contain any of these SVHC more than 0.1% by weight.

KG Technologies will continue to comply with REACH requirements and notify customers of any change in article content.

Timothy Wells
Vice President Engineering
KG Technologies, Inc.
